Hola! I'm Allison Micheal Favour, and I'm delighted to introduce myself as a UI/UX Designer and Frontend Web Developer with more than 6 years of experience in exciting fields like Blockchain, fintech, and Real Estate. I have a genuine passion for creating valuable content to support fellow designers and developers.

In my role as a UI/UX Designer, my focus is on bridging the gap between users and businesses, and I'm constantly exploring innovative ways to make that connection seamless. Collaboration and knowledge-sharing are close to my heart, and I take pride in simplifying complex technical concepts into easy-to-understand explanations.

WORK EXPERIENCE

Vefi Network

Product Designer

Lead a UI/UX design team to accomplish goals and tasks for Block-chain Company.
- These goals and tasks include designing a crypto wallet and NFT marketplace.
- Provide developer support based on the designs to ensure it was developed properly.
- Supervised team members and make reports to the project manager

February 2022 - | United Kingdom

Swap Space

Product Designer

Conducted User research on the Renting and Buying of Apartment in Turkey and Dubai, to what needs to be Improved.
⊠ Designed Wireframes, design system, and style guide using the company's brand guidelines.
⊠ Collaborated with the design team and Software engineers to redesign the clinical sections, and make them responsive for tablets and mobile devices. This led to improvement in the User experience and accessibility by both Properties Owners, Agents, and On-site Visitors.

May 2022 - Present | Dubai, United Arab Emirates
